

Bidding Announcement for Design of PV Power Generation of Shanghai Lingang Hongbo New Energy Development Co., Ltd. in 2019

1.1.1 Bidding Conditions

Project name: PV Power Generation Project of Shanghai Lingang Hongbo New Energy Development Co., Ltd. in 2019

■ The project has been qualified to bid for design. The risk arising from the failure to bid for the project shall be borne by the Tenderer.

The Tenderer: Shanghai Lingang Hongbo New Energy Development Co., Ltd. Construction funds: Bank loans. The project now goes through the whole process of public bidding.

1.1.2 Project Overview and Bidding Scope

1. Project overview

Project scale: all PV power generation of Shanghai Lingang Hongbo New Energy Development Co., Ltd. in 2019 (totalled 30 MWp)

2. Scope of bidding

Scope of bidding: the bid winner will be determined through the review of the composition of bidders and design project team members, performance experience, design fee offer and design ideas. The bid winner will undertake the designing of all PV power generation of Shanghai Lingang Hongbo New Energy Development Co., Ltd. in 2019. The scope of design contract covers in principle the designing of all power generation of Shanghai Lingang Hongbo New Energy Development Co., Ltd. in 2019. For the designing of projects after 2020, in addition to the projects that must be bid according to law, Party A may renew the contract with Party B on the basis of the contract, with the terms to be agreed upon separately. All designs are as follows:

1) Scheme design (including project scheme consultation, program optimization, preparation of feasibility study report, assisting the Tenderer to submit to relevant departments for approval);

2) Preliminary design (including the preparation of preliminary design drawings, general instructions, BOQ, assisting the Tenderer in construction bidding and submitting to relevant departments for approval);

3) Construction drawing design (including but not limited to the construction drawings required for the project as a whole) (including the preparation of general design instructions, assisting the Tenderer to submit to relevant departments for approval);

4) Others (including but not limited to): collection of on-site survey data, preparation of technical bidding documents, equipment technical specification, BOQ, as-built drawing design, preparation of roof load report, other technical services, technical documents (including those for project filing), technical guidance (including technical guidance throughout the project construction), design-related interface coordination, design review and on-site design representative services.

For the project, bidding by design scheme ■ bidding by design unit

1.1.3 Announcement Media

The bidding result will be announced on China Tendering and Bidding Public Service Platform (<http://www.cebpubservice.com/>).

1.1.4 Qualifications of Bidders

Bidders shall have the qualification of Grade B and above for the design of new energy power generation in power industry and be capable of designing personnel composition and structure.

For this bidding, consortium bid Accepted Not Accepted

Selection of bidders:

Yes

(1) Selection conditions:

① Credit requirement: ____/____;

② Administrative penalty: the administrative penalty of over ____/____ in engineering construction in recent two years;

③ Bribery crime: ____/____;

④ The list of bidders who are evaluated to be unqualified in the performance of the previous project(s) of the Tenderer: ____/____;

(2) Where the documentary evidences provided by the Bidder during the acquisition of bidding documents do not meet the above conditions, the Tenderer will not issue bidding documents;

(3) If the number of bidders shortlisted is less than 15, the Tenderer will bid again;

No

1.1.5 Acquisition of Bidding Documents

Time to acquire documents: From April 8, 2019 8:30 to April 29, 2019 16:00

Way to acquire documents: appoint an authorized representative to register and acquire bidding documents at 1705, Block A, Baodi Plaza, No. 588, Dalian Road, Yangpu District, Shanghai (Shanghai Baitong Project Management Consulting Co., Ltd.) at work time (11:30 p.m. to 13:30 p.m. on workday and rest time on legal holidays) holding the above qualification documents. Each bidding document will be charged RMB 1,000 and is not refundable. (for the fee of bidding documents, bid bond and service charge, Bank of Deposit: Bank of Shanghai Lancun Sub-branch, Account: Shanghai Baitong Project Management Consulting Co., Ltd., Account No.: 3169 7100 0067 41975, Remark: fee of bidding documents/bid bond). Information to be submitted at the time of registration: 1) Business license (copy); 2) Legal representative's certificate or power of attorney, ID card of the authorized person; 3) Qualification certificate. Note: ① all the above submittals must include originals and copies. All copies must be stamped with official seal. In case of any missing, the bidding agency will refuse to accept the registration. ② The information provided at the time of registration shall be consistent with the qualification documents in tender documents. In case of any inconsistency, the tender documents shall prevail. ③ All information provided by bidders shall prevail in Chinese. The loss caused by language error shall be borne by bidders.

1.1.6 Submission of Tender Documents and Related Matters

The deadline for submission of tender documents (deadline for submission of bids): May 5, 2019 14:30. Bidders shall submit tender documents to 1705, Block A, Baodi Plaza, No. 588, Dalian Road, Yangpu District, Shanghai prior to the deadline for submission of bids.

If the tender documents are overdue or delivered to the wrong place, they will not be accepted by the Tenderee.

1.1.7 Contact Information

Tenderee: Shanghai Lingang Hongbo New Energy Development Co., Ltd.

Address: Floor 4, No. 1150, Feidu Road, Pudong New Area, Shanghai

Contact: Nie Zhongcheng

Tel and fax: 15856398885

Bidding agency: Shanghai Baitong Project Management Consulting Co., Ltd.

Address: 1705, Block A, Baodi Plaza, No. 588, Dalian Road, Yangpu District, Shanghai
