Investor Presentation

July 2019

Empowering nations through innovation and sustainability

1

Overview of NDB

Organising Principles and Distinguishing Features

1

Key institution in BRICS cooperative framework

- Established by BRICS to invest in infrastructure and sustainable development projects and promote financial cooperation among BRICS
- Central role in BRICS cooperative framework evident in strong political and financial support

2

Core mandate is infrastructure and sustainable development

- NDB focuses on high quality, financially viable and environmentally friendly infrastructure projects

3

Lean operations, partnership with other development institutions

- Cooperation with global, regional and national development institutions is a core operating principle
- Enhances development impact of NDB operations and enables NDB to maintain a lean operating profile

4

Full member support for maintaining a very strong financial profile

- Members fully committed to maintaining a very strong credit profile, equivalent to the strongest amongst NDB's peers
- Low leverage, rigorous project selection, conservative risk management policies and highly experienced management team are the key elements of NDB's business profile

Who We Are

- ▶ NDB is a multilateral development bank established by BRICS countries to mobilise resources for infrastructure and sustainable development projects
- ▶ The membership is open to members of the United Nations

HIGH CAPITALISATION

- High level of initial **authorised capital of US\$ 100bn** with initial **subscribed capital of US\$ 50bn** and **paid-in capital of US\$ 10bn** places NDB amongst the largest MDBs globally
- **Equal shareholding and voting power** amongst the five founding members

CREDIT STRENGTHS

- **AA+ long-term international credit rating with stable outlook**
- **Conservative risk management and financial policies**
- Sound governance structure, led by a **highly experienced management team**

FLEXIBILITY

- Support of public and private projects through **loans, guarantees, equity participation and other financial instruments**

IMPROVING EFFICIENCY

- NDB aims to structure, negotiate, review, and **approve loans within a period of 6 months** without compromising on risk management standards and credit quality

DRIVING INNOVATION

- **Support the development of financial markets in member states**, provide financing in both local and hard currencies and apply country systems

Uniquely Positioned Multilateral Lender

BRICS as a key driver of the world economy faces a growing need for investment in infrastructure

2 GOVERNANCE

Strong Shareholder Support and Long-Term Commitment

- One of the highest ratios of paid-in capital to subscribed capital (20%) and one of the highest committed amongst all MDBs
- High commitment of member countries to NDB represents their **vested interest** in the institution and a greater propensity to support NDB in times of distress
- Equal voting power amongst founding shareholders
- No member holds veto power
- Preferential treatment in member countries with extensive immunities, privileges and exemptions
