

Procurement Plan for Project “Development of water supply and removal systems in cities of the Russian Federation”

No	Package No / Tender No.	Contract Code	Contract Name	Type	Performance of work, month	Procurement Method	Review by NDB	Procurement notice	Receipt of bids	Contract signing	Contract completion
1			Ivanovo								
1.1	DWSP/ICB/IVN-1	DWSP/ICB/IVN-1	Reconstruction of water treatment system at ONVS-1 (water treatment pumping station) in Avdotino	W	36	ICB	prior	23.09.2019	07.11.2019	21.12.2019	21.12.2022
			Construction of the water pipeline from Khudyninsky dam to ONVS-1 station in Avdotino								
1.2	DWSP/ICB/IVN-2	DWSP/ICB/IVN-2	Rehabilitation of sewage headers of following diameters: D=3000mm, D=1000 -1600mm, D=1420mm, D=1020mm, in Ivanovo town	W	47	ICB	prior	22.07.2020	05.09.2020	19.10.2020	19.09.2024
			Total								
2			Dzerzhinsk								
2.1	DWSP/ICB/DZR-1	DWSP/ICB/DZR-1	Construction of the second pipeline of Teplovsky water intake structure	W	42	ICB	prior	07.12.2019	21.01.2020	05.03.2020	13.09.2023
			Construction of water pipeline to Pyra village								
			Reconstruction of water supply networks of Dzerzhinsk town								
			Construction of main sewage header								
2.2	DWSP/ICB/DZR-2	DWSP/ICB/DZR-2	Reconstruction of district treatment facilities of Dzerzhinsk town	W	40	ICB	post	07.12.2019	21.01.2020	05.03.2020	05.07.2023
			Total								
3			Cheboksary								
3.1	DWSP/NCB/CHB-1	DWSP/NCB/CHB-1	Reconstruction of Zagorodny header at the section from the stilling pool near building No1 along Marposadsky motor road of Cheboksary to sewage accounting chamber at biological treatment plant of Novocheboksarsk town	W	29	NCB	post	07.12.2020	21.01.2021	06.03.2021	07.08.2023
3.2	DWSP/NCB/CHB-2	DWSP/NCB/CHB-2	Construction of centralized water supply pipeline from the booster pumping station of Northern-Western district of Cheboksary towards Chandrovo village	W	37	NCB	post	07.12.2020	21.01.2021	06.03.2021	12.04.2024
			Construction of the downstrim collector of Kaybulka river and its affluents from Gagarin street to Kalinin street of Cheboksary								
3.3	DWSP/ICB/CHB-3	DWSP/ICB/CHB-3	Upgrading of technological and electric equipment at sewage pumping stations (SPS): No 1, No 2, No 5, No 6, No7, No 9, "Glavnaya", "Zaovrazhnaya", "Solyanoye", "DEU", Vostochny village, TPP-1 (thermal power plant), Volzhsky-2, "KHP".	W	28	ICB	prior	07.12.2020	21.01.2021	06.03.2021	04.07.2023
			Upgrading of the pumping station dispatching system								
3.4	DWSP/ICB/CHB-4	DWSP/ICB/CHB-4	Construction and modernization of treatment facilities: Construction of biological treatment facilities in Okyabrsky village Construction of biological treatment facilities in urban settlement Sosnovka Upgrading of tertiary treatment system in Zavolzhe Construction of treatment facilities in municipal budgetary general education institution "Berezka"	W	36	ICB	post	07.12.2020	21.01.2021	06.03.2021	13.03.2024
			Modernization of water supply treatment plant (WSTP) "Zaovrazhnaya": Capitatl repair of buildings and structures at the water supply treatment plant (WSTP) "Zaovrazhnaya". Upgrading of control and measuring equipment at the water supply treatment plant (WSTP) "Zaovrazhnaya" Upgrading of control and measuring equipment for monitoring the quality of source water within the firt belt of Northern-Western district, the water supply treatment plant (WSTP) "Zaovrzhnaya" Reconstruction of settling tanks at the water supply treatment plant (WSTP) "Zaovrazhnaya" Upgrading of fourth treatment unit at the water supply treatment plant (WSTP) "Zaovrazhnaya" Introduction of tertiary treatment system with the use of activated coal Upgrading of technological and electric equipment at first stage pumping stationat of the water supply treatment plant (WSTP) "Zaovrazhnaya" Upgrading of technological and electric equipment at second stage pumping stationat of the water supply treatment plant (WSTP) "Zaovrazhnaya"								

			Protection of the dam body with water pipelines of the water supply treatment plant (WSTP) "Zaovrazhnaya" Upgrading of coagulating agent and flocculating agent dosing station at the water supply treatment plant (WSTP) "Zaovrazhnaya"									
3.5	DWSP/NCB/CHB-5	DWSP/NCB/CHB-5	Construction of water supply networks and construction of water removal networks and sewage pumping station in the area of private house building of Cheboksary	W	36	NCB	post	07.12.2020	21.01.2021	06.03.2021	05.03.2024	
				Total								
				4 Rybinsk								
4.1	DWSP/ICB/RBN-1	DWSP/ICB/RBN-1	Construction of urban sewage treatment facilities (USTF) in the housing estate Kopaev	W	36	ICB	prior	14.12.2020	28.01.2021	13.03.2021	15.03.2024	
4.2	DWSP/ICB/RBN-2	DWSP/ICB/RBN-2	Automation of water supply and drainage control system of Rybinsk town Reconstruction and automation of district pumping station (DPS)	G	7	ICB	prior	14.12.2020	28.01.2021	13.03.2021	13.10.2021	
				Total								
				5 Volzhsky								
5.1	DWSP/ICB/VLZ-1	DWSP/ICB/VLZ-1.1	Construction of storm and melt water treatment facilities from header No 8 in Volzhsky town of Volgograd region	W	25	ICB	post	10.01.2020	24.02.2020	08.04.2020	16.05.2022	
			Rehabilitation of sewage header No 9 of 1000 mm diameter from sewage pumping station KNS-5 to sewage pumping station KNS-9									
			Utility systems of 32a housing complex. Rehabilitation of sewage pumping station No 15									
			Tourist and recreational complex "Territoriya pobed" of Volzhsky town. Provision of utility infrastructure for beach zone and the culture and leisure park "Volzhsky". Outside water supply and sewage networks. Water supply and sewage systems"									
		Tourist and recreational complex "Territoriya pobed" of Volzhsky town. Provision of utility infrastructure for beach zone and the culture and leisure park "Volzhsky". Outside networks and structure of water supply and sewage systems. Watering pipeline and pumping station										
DWSP/ICB/VLZ-1.2	Construction of water supply and water removal systems (development of the housing estate "Mirazhe", Krasnooktyabrsky village: I stage Domestic water pipeline from the III stage pumping station to the IV stage pumping station. Section from III stage pumping station to distribution chamber	W	40	ICB	post	10.01.2020	24.02.2020	08.04.2020	11.08.2023			
				Total								
				Total Main participating cities								
				6 Consulting services								
	DWSP/CQS-1	DWSP/CQS-1	Preparation of terms of reference for the design of sub-projects in Rybinsk, and assistance in the preparation of technical part of tender documentation and evaluation of bids for investment contracts in the cities of Ivanovo, Dzerzhinsk, Volzhsky, Rybinsk and Cheboksary	S	24	CQS	prior	18.07.2019	25.08.2019	19.09.2019	20.09.2021	
	DWSP/QCBS-1	DWSP/QCBS-1	Supervision of implementation of investment contracts (Ivanovo, Dzerzhinsk, Volzhsky)	S	59	QCBS	prior	20.08.2019	24.10.2019	07.11.2019	10.10.2024	
	DWSP/QCBS-2	DWSP/QCBS-2	Supervision of implementation of investment contracts (Rybinsk, Cheboksary)	S	39	QCBS	prior	20.08.2020	24.10.2020	07.11.2020	09.02.2024	
	DWSP/IC-1	DWSP/IC-1	Individual Consultant - Interpreter	S	12	IC	post	08.08.2019	29.08.2019	08.09.2019	08.09.2020	

Procurement method

- QCBS Quality and costbased selection
- CQS Selection based on Consultants' Qualifications
- IC Selection of Individual Consultants
- ICB International Competitive Bidding
- NCB National Competitive Bidding
- S Consulting services
- W Works
- G Goods
