Russian Federation

Judicial System Support Project

Loan 17RU01

Implementation of the infrastructure for the functioning of the FBS automated systems (first stage)

IFB Number: JSSP/ICB/2.3.1.1.

1. The Russian Federation has received a loan from the New Development Bank (NDB) toward the cost of Judicial System Support Project, and it intends to apply part of the proceeds of this loan to payments under the agreement resulting from this IFB: JSSP/ICB/2.3.1.1 “Implementation of the infrastructure for the functioning of the FBS automated systems (first stage).”.
2. Foundation for Enterprise Restructuring and Financial Institutions Development (FER), which is authorized by Federal Bailiff Service (FBS) to conduct the bidding and subsequently sign the contract as a Payer with the selected Supplier, now invites sealed bids from eligible Bidders for implementation of the infrastructure for the functioning of the FBS automated systems (first stage), including
 - Survey of Project site;
 - Delivery of necessary equipment;
 - Development of project design (working) documentation;
 - Preparation of premises for equipment installation;
 - Assembling and commissioning of the system;
 - Provision of warranty services.
3. Bidding will be conducted using the International Competitive Bidding (ICB) procedures specified in the World Bank’s Guidelines: Procurement under IBRD Loans and IDA Credits, edition of January 2011, revised July 2014, and principles of NDB Procurement Policy (2018, as amended from time to time) and is open to all eligible bidders in the NDB member countries, that meet the following minimum qualification criteria:

a) Financial Capabilities

The Bidder’s (single Bidder or Joint Venture) average annual turnover shall be at least USD 6 (six) million (or an equivalent amount in a different currency) for the last 3 years (2016-2018, data for 2017-2019 is acceptable, if available).

If the Bidder is a Joint Venture, the average annual turnover of the Partner in charge shall be at least USD 4 (four) million (or an equivalent amount in a different currency) for the last 3 years (2016–2018, data for 2017-2019 is acceptable, if available). The average annual turnover of each Partner in a Joint Venture shall be at least equivalent of USD 2 (two) million for the last 3 years (2016–2018, data for 2017-2019 is acceptable, if available).

b) Specific Experience with Similar Projects

(1) The Bidder shall furnish documentary evidence to demonstrate that during the past three years (2017-2019) the Bidder must have completed at least 1 (one) contract for the development (upgrade) of engineering infrastructure of buildings/premises for the total amount of at least USD 2,500,000. Such a contract must include the supply of equipment for engineering infrastructure of buildings/premises as well as the following types of work in respect of such equipment: assembling (installation), commissioning (configuration), and development of working (operational) documentation. The required experience could be demonstrated as part of the general contract for implementation of information systems, however in this case the Bidder shall furnish documentary evidence to demonstrate the supply of engineering system equipment and execution of above work for the amount indicated above for a separate contract. The contracts for the supply of equipment only or for execution of work only would not be sufficient to meet the qualification requirement.

Where the Bidder is a Joint Venture, the Partner in Charge must comply with these requirements.

c) Technical (Organizational) Capacities

The Bidder (or, if the Bidder is a Joint Venture, any member of Joint Venture) or its proposed subcontractor shall have the following active licenses:

(1) The Bidder (or, if the Bidder is a Joint Venture, each member of Joint Venture) shall be certified in accordance with ISO 9001 or GOST R ISO 9001:2011 quality standards.

(2) The Bidder (or, if the Bidder is a Joint Venture, any member of Joint Venture, or nominated subcontractor) must be a member of a Self-Regulatory Organization (SRO) in the Russian Federation (SRO) in the area of preparation of project design documentation.

(3) The Bidder (or, if the Bidder is a Joint Venture, any member of Joint Venture, or nominated subcontractor) shall be licensed by the Ministry of Emergency Situations of the Russian Federation to perform installation, maintenance and repair of fire safety equipment of buildings and structures.
