

Request for Proposal Notice

Name of Assignment: Research on Bus Station Comprehensive Development Model and Supporting Policies

RFP Reference No.: WKZB2226NXG401364

Loan No.: 19CN03

Contract No.: CS-5

Country: The People's Republic of China

Date: Sept 5th, 2022

1. The People's Republic of China (hereinafter called "Borrower") has received financing from the New Development Bank (the "Bank") in the form of a "loan" (hereinafter called "Loan") toward the cost of Ningxia Yinchuan Integrated Green Transport Development Project. Project Implementation Agency Yinchuan Municipal Transport Bureau (hereinafter called "Client"), intends to apply a portion of the proceeds of this loan to eligible payments under the contract for which this Request for Proposals is issued. Payments by the Bank will be made only at the request of the Yinchuan Municipal Transport Bureau and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the loan agreement. No party other than the Borrower shall derive any rights from the loan agreement or have any claims to the proceeds of the loan.

2. The Client now invites proposals to provide the following consulting services (hereinafter called "Services"): **Research on Bus Station Comprehensive Development Model and Supporting Policies.**

2.1 Project overview: The bus stations of the project are generally located in the main distribution center of regional passenger flow, and the surrounding areas of the stations are mostly residential, commercial and office land. In order to realize the saving of land resources and the appreciation of land value, improve the efficiency of passenger transfer and infrastructure operation, and make full use of the station resources, it is necessary to carry out a systematic study on the comprehensive development model and supporting policies of Yinchuan bus stations, It provides decision-making basis for Yinchuan city to formulate the comprehensive development policies of bus stations..

2.2 Service period: Complete relevant research work and issue achievement report documents within 6 months from the effective date of the contract. The consulting

service is expected to start from early October 2022 to the end of March 2023, with a total duration of 6 months. In accumulation of 40 person-months.

2.3 Scope of bidding: Provide the client with research services on comprehensive development model and supporting policies of bus stations. The research scope of this project is the existing and planned bus hubs and stations of Yinchuan Public Transportation Co., Ltd.; The main research contents include the analysis of the current situation and problems, the necessity and feasibility, the strategy study, the construction mode study, the implementation path and the drafting of relevant supporting policies documents of Yinchuan bus station comprehensive development.

2.4 Project sites: Place designated by the Client.

More details on the Services are provided in the Terms of Reference (Section 7).

3. Qualification Requirements for Consultant Firm (hereinafter called “Consultant”):
 - 3.1 shall be a firm or an entity participating in bidding and shall be qualified to sign the contract independently;
 - 3.2 shall be registered in the New Development Bank member countries;
 - 3.3 net assets of each year in past 3 years (2019-2021) shall be positive;
