

Request for Bids Works

(Two-envelope Bidding Process Without Prequalification)

Biding No: 0733-24081579

Loan No. : 19CN02

Project: Guangxi Chongzuo Urban Water System Ecological Restoration Project

Employer: Chongzuo Water Investment Company Limited

Contract title: CZ14: South bank of Zuojiang River (Chongzuo Bridge - Chongzuo No 3 Bridge) Rehabilitation Project

Country: The People's Republic of China

Issued on: May 19, 2025

1. The People's Republic of China has received financing from the New Development Bank toward the cost of the Guangxi Chongzuo Urban Water System Ecological Restoration Project and intends to apply part of the proceeds toward payments under the contract for CZ14: South bank of Zuojiang River (Chongzuo Bridge - Chongzuo No 3 Bridge) Rehabilitation Project.
2. Chongzuo Water Investment Company Limited now invites sealed Bids from eligible Bidders for the following works.

Scope of works: Carrying out restoration from Chongzuo Bridge to Chongzuo No.3 Bridge on the south bank of the Zuojiang River with a total area of approximately 33.30 hectares, which includes the construction of 6.6 km river patrol routes (water conservancy engineering), the restoration of 14.76 hectares of ecologically damaged areas in the water-level-fluctuation zone (beach area), bank slopes, and top-of-bank spaces along the Zuojiang River basin. Additionally, public service facilities such as observation towers, ecological parking lots, public toilets, equipment rooms, trash bins, and basic lighting will be constructed along the river patrol routes.

Construction Period: 18 months

The bidder shall provide, but not be limited to, the accessories required within the scope of this project. The specific scope of the project is referred to in the Bill of Quantities and the construction drawings (see Chapter 7 - Engineering Requirements in the tender documents).

2.1 Eligibility requirements for bidders are as follows.

2.1.1 History of Non-Performing Contracts: Non-performance of a contract did not occur as a result of contractor default since 1st January 2020.

2.1.2 Suspension Based on Execution of Bid/Proposal Securing Declaration by the Employer: Potential bidders should pay attention to of interest in Article 4.7 and 19.9 of the ITB in the Bidding document, not under suspension based on-execution of a Bid/Proposal Securing Declaration.

2.1.3 Pending Litigation: Bidder's financial position and prospective long-term profitability still sound according to criteria established in Financial Capabilities part in below and assuming that all pending litigation will be resolved against the Bidder.

2.1.4 Litigation History: No consistent history of court/arbitral award decisions against the Bidder since 1st January 2020.

2.1.5 Financial Capabilities:

(i) The Bidder shall demonstrate that it has access to, or has available, liquid assets, unencumbered real assets, lines of credit, and other financial means (independent of any contractual advance payment) sufficient to meet the following construction cash flow requirements estimated as CNY 19,200,000.00 for the subject contract(s) net of the Bidder's other commitments;

(ii) The Bidders shall also demonstrate, to the satisfaction of the Employer, that it has adequate sources of finance to meet the cash flow requirements on works currently in progress and for future contract commitments;

(iii) The audited balance sheets or, if not required by the laws of the Bidder's country, other financial statements acceptable to the Employer, for the last 3 years (i.e. from 2021 to 2023) shall be submitted and must demonstrate the current soundness of the Bidder's financial position and indicate its prospective long-term profitability.

2.1.6 Average Annual Construction Turnover: Minimum average annual construction turnover of CNY 192 million, calculated as total certified payments received for contracts in progress and/or completed within the last 3 years (i.e. from 2021 to 2023), divided by 3 years

2.1.7 General Construction Experience: Experience under construction contracts in the role of prime contractor, JV member, Subcontractor, or management contractor for at least the last 5 years, starting 1st January 2020.

2.1.8 Specific Construction & Contract Management Experience:

(i) From January 1, 2020 to the bid submission deadline, as a prime contractor, joint venture member, management contractor or Subcontractor, the bidder has completed

at least 2 similar contracts with each contract valued not less than CNY 92,200,000.00

All above contracts shall have been successfully and substantially completed and shall be similar to the proposed Works. The similar contracts shall include Embankment Hydraulic Road Works, Waterfront Greenway Projects, Greenway or Garden Path Projects, or River Ecological Remediation and Restoration Projects.

(ii) For the above contracts and any other contracts as prime contractor, joint venture member, or Subcontractor between 1st January 2020 and bid submission deadline, a minimum construction experience in the following key activities shall be successfully completed: In a single contract, the combined length of Embankment Hydraulic Road Works, Waterfront Greenway Projects, Greenway Projects or Garden Path projects should be no less than 5 kilometers, or the area of River Ecological Remediation and Restoration Projects should be no less than 10 hectares.

2.2 Qualification Requirement:

For domestic bidders, they must have:

- (i) The bidder must be independent legal entities registered in accordance with Chinese law (providing a copy of the business license);
- (ii) Possessing Grade I or above general contracting qualification for water conservancy and hydropower construction, as well as Grade I or above general contracting qualification for municipal public works construction;
