LIAONING INDUSTRIAL TRANSFORMATION AND UPGRADING, INFRA STRUCTURE CONSTRUCTION AND ENVIRONMENTAL IMPROVEMENT PROJECT - Anshan City Nansha River Ecological Revetment and E ndogenous Pollution Control Works

Invitation for Bids (IFB)

Date: October 26, 2026

Contract No.: AS-C02

1. Bidding Conditions

The People's Republic of China (the Borrower) has received a loan from the N ew Development Bank (NDB) towards the cost of the Liaoning Industrial Transform ation and Upgrading, Infrastructure Construction and Environmental Improvement Pr oject and intends to apply a portion of the proceeds to eligible payments under the Contract for Anshan City Nansha River Ecological Revetment and Endogenous Pol lution Control Works (Contract No.: AS-C02).

The loan agreement has been signed. The source of funds is the NDB loan. T he Employer is Anshan Nanshahe Construction and Development Co., Ltd. The Pro ject is now ready for bidding and is open for public tendering.

2. Project Introduction and the Scope of Bid

2.1 Project Title:

Anshan City Nansha River Ecological Revetment and Endogenous Pollution Control Works.(AS-C02)

2.2 Project Overview: Removal of sediment and debris from the main channel and tributaries of the Nansha River, with a total dredging volume of approximately 293,700 m^3 and a total debris removal area of approximately 950,000 m^2. Rehabilitation of the ecological revetment of the Qianshan Tributary, with a length of approximately 5.0 km.

(1)Ecological Revetment Works

The bank slope improvement of the Qianshan Tributary covers the section from Qianshan Main Gate to Xiaobapanling Village, with a river length of 5 km. The existing flood control capacity of the river channel shall remain unchanged. Bank slope protection shall adopt the form of gabion toe protection plus grassed slope protection. The slope toe shall be protected by backfilling with cobbles from within the river channel.

(2) The scope of the River Channel Dredging Works

The scope of the River Channel Dredging Workscovers the main channel of the Nansha River (No. 7 Bridge – Chenjiatai Bridge) and its tributaries (Gushouyu River, Dagushan River and Panjialu River). Dredging of the main channel of the Nansha River shall be carried out by dry dredging using manual labour combined with excavators.

Sediment dewatering shall be carried out by mechanical turning and natural drying in drying yards. The temporary drying yard is located within the Lingshan Coal Washing Plant in the downstream area of the Nansha River. The total volume of dredged sediment is approximately 293,700 m^3 .

Debris clearance in the tributary channels of the Nansha River shall be carried out by manual labour combined with mechanical means, with a total clearance area of approximately 950,000 m^2 .

2.3 Construction site:

Lishan District, the High-tech Zone, and Qianshan Scenic Area of Anshan City.

2.4 Construction Period:

365 days.

2.5 Defects Liability Period:

12 months from Completion.

3. Bidder Eligibility

3.1 Qualification Requirements

3.1.1 Qualifications

The Bidder shall hold a Qualification for General Contracting of Municipal Publi c Works, Grade I or above.

3.1.2 Special experience:

The Bidder shall, as prime contractor, have successfully completed within the past five years (from **October 2021 to October 2026**, based on the date of project completion) at least two contracts, each with a contract value of not less than CNY 51 million, covering at least one of the following scopes: river dredging, bank slope protection, and river channel clearing; and each of the above contracts shall include works involving the dredging of not less than 240,000 m^3 of sediment.

3.1.3 Personnel:

The project manager must possess a First-Class Registered Constructor professional qualification in Municipal and Public Works Engineering, hold a valid Category B Safety Production Assessment Certificate, and must not currently serve as a project manager for any other ongoing construction projects.

3.1.4 Joint Venture:

For a Joint Venture participating in bidding, its members may submit performance records according to their respective areas of specialization and demonstrate adequate construction capabilities in terms of personnel, equipment, and financial resources.

3.2 Nationality

The Bidder and all parties forming a Joint Venture of the Bidder shall be from member countries of the New Development Bank (China, India, Brazil, Russia, South Africa, Bangladesh, Egypt, United Arab Emirates; https://www.ndb.int/about-ndb/members/), and shall be legally registered within their respective member country. This requirement also applies to any subcontractors, suppliers, or sub-consultants engaged in any part of this Contract (including related services). Domestic bidders in China shall provide a valid business license.

3.3 Financial Capacity

3.3.1 Historical Financial Performance:

Submission of audited financial statements or if not required by the law of the Bidder's country, other financial statements acceptable to the Employer, for the last 3 years (2023-2025) to demonstrate the current soundness of the bidder's financial position and its prospective long-term profitability. In case a Bidder submits unaudited financial statements, the Bidder must submit evidence that it is not required by law in the Bidder's country to prepare audited financial statements. The minimum requirement is that the bidder's Net Assets (calculated as total assets minus total liabilities) shall be positive for each of the past three years.

3.3.2 Average Annual Turnover

Minimum average annual turnover of CNY 161 million calculated as total certified payments received for contracts in progress or completed(in the audited financial statements), within the last 3 years(2023-2025).

3.3.3 Financial Resources

The Bidder's financial resources (such as liquid assets, credit lines, and other financing sources, excluding contract advances) must meet: (i) a cash flow requirement of not less than CNY 16.1 million equivalent; (ii) the total cash flow requirement for implementing this contract and other ongoing projects.

3.4 Credit Requirements

For individuals or entities listed as Dishonest Judgment Debtors by the judicial authorities (including Legal Representative and Project Manager), their participation in the procurement activities of this project shall be restricted in accordance with the law. If the executor of the breach of trust participates in the bidding and procurement activities of this project, the bid evaluation committee shall cancel his/her bidding qualification or directly cancel the bid (any outstanding matters shall be explained by the bidder). The applicant shall provide a screenshot of the results of the inquiry information on the website of "Credit China https://www.creditchina.gov.cn/" before the bid submission deadline.

3.5 Joint Ventures:

Joint Ventures are accepted for this project, but the members of the Joint venture are not more than 2.

(i) All members of the Joint Venture shall be jointly and severally liable for the performance of the contractual obligations under the terms of the contract.

(ii) The consortium member responsible for construction shall have the Grade Ⅰ or above general contracting qualification for municipal public works construction issued by the competent construction administrative authority.

(iii) The Bidders and the members comprising the Joint Venture of bidders shall come from the member countries of the New Development Bank.

(iv) The Bidders are not allowed to participate in a Joint Venture and bid for the tender in its sole name or participate in different Joint Ventures, in which case its bid and the bids of the Joint Venture associated with it will be rejected.

(v) The bid documents shall be accompanied by a Joint Venture agreement, in which each party to the consortium shall specify its rights and obligations as well as the ways and means of payment, and the lead person of the consortium shall undertake the obligations and legal responsibilities of the consortium on behalf of the consortium in the bidding and the performance of the contract ; notwithstanding the appointment of the lead person of the consortium, each member of the consortium shall bear the joint and several and respective legal responsibilities in the process of bidding, contracting and the performance of the contract. For this reason, the legal representatives of each member of the consortium or their authorized agents shall sign and stamp the bid and the consortium agreement with their official seals.

(vi) The bid security for a Joint Venture must be submitted in the name of the lead person or all the members of the Joint Venture as stipulated in the Joint Venture agreement. If the Joint Venture has not been legally constituted at the time the bid documents presented, the bid security for the consortium must be submitted in the name of the lead person or all the members of the consortium as stated in the joint intention agreement.

(vii) Where a Joint Venture (JV) applies for prequalification or submits a proposal, both the JV Leader and the JV Members shall submit audited financial statements for the past three years (2023–2025), or other financial statements acceptable to the Employer (where there are no such legal requirements in the Bidder’s country), to demonstrate the current financial stability and long-term profitability of each party to the Joint Venture. If unaudited financial statements are submitted, the Bidder shall provide documentary evidence confirming that there are no legal requirements in its country mandating the audit of such financial statements. As a minimum requirement, the Net Assets (calculated as Total Assets minus Total Liabilities) of both the JV Leader and the JV Members shall be positive for each of the past three years.

(viii) For a Joint Venture participating in the bidding, the combined annual turnover of all Joint Venture members shall not be less than the equivalent of CNY 161 million. Each Joint Venture member shall have an annual turnover not less than the equivalent

of CNY 40 million, and the lead member of the Joint Venture must have an annual turnover not less than the equivalent of CNY 72 million.

(ix) For a Joint Venture participating in the bidding, the total cash flow of all Joint Venture members combined shall be no less than the equivalent of CNY 16.1 million. Each Joint Venture member must have a cash flow of no less than the equivalent of CNY 4 million, and the lead member of the Joint Venture must have a cash flow of no less than the equivalent of CNY 7.2 million.

(x) Each Joint Venture member responsible for construction shall meet the special experience requirements for this Project.

3.6 Foreign bidders

Foreign Bidders are required to satisfy the equivalent conditions above.

4. Bid Registration

All interested Bidders are invited to register from **October 27, 2026 to November 29, 2026** (excluding statutory public holidays and national holidays), between 9:00 AM to 12:00 PM and 2:00 PM to 5:00 PM daily (Beijing Time), at Room 2518, Building B, Galaxy International Tower, No. 28 Beizhan Road, Shenhe District, Shenyang City, Liaoning Province.

5. Bidding Documents Acquisition

All applicants who have registered through the above process are requested to collect the bidding document free of charge at Room 2518, Building B, Galaxy International Tower, No. 28 Beizhan Road, Shenhe District, Shenyang City, Liaoning Province, from **October 27, 2026 to November 29, 2026**, between 9:00 AM and 12:00 PM, and 2:00 PM to 5:00 PM daily. Please present a letter of authorization from the legal representative to obtain the documents.

6. Bid Documents Submission

The deadline for submission of bid documents (bidding deadline, the same below) is **November 30, 2026, 10:00 a.m.**(Beijing Time)**,** at Room 402, 4th Floor, Liaoning Provincial Public Resources Transaction Center. (No. 109, Chongshan Middle Road, Huanggu District, Shenyang City, Liaoning Province). Bidders may send representatives to attend the opening of bids.

The bid documents which are delivered late or not delivered to the designated place are not accepted.
