2. Affiliate Relationship between the Issuer and the Relevant Entities

There is no affiliate relationship between the Issuer and the Lead Underwriter and Bookrunner, the Joint Underwriters, the Auditor, the rating agency and the Issuer's PRC counsel and their respective senior officers and employers who are in charge of the matters relevant to the Bonds.

3. Potential Conflicts of Interest Between the Issuer and the Underwriters

The Underwriters and their respective affiliates may be full service financial institutions engaged in various activities which may include securities trading, commercial and/or investment banking, financial advice, investment management, principal investment, hedging, financing and brokerage activities. Each of the Underwriters may have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with the Issuer, from time to time. In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold (on their own account, on behalf of clients or in their capacity of investment advisers) a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments and enter into other transactions, including credit derivatives (such as asset swaps, repackaging and credit default swaps) in relation thereto. Each Underwriter may receive returns on such transactions and has no obligation to take, refrain from taking or cease taking any action with respect to any such transactions based on the potential effect on a prospective investor in the Bonds.
